(615) 791-9453-Home

Course Text: Prentice Hall - Algebra 2
Publication Date: March 2008
ISBN-10: 013365947X
ISBN-13: 9780133659474

Workbook: ISBN- 10: 0131657240
ISBN-13: 9780131657243

Description: Topics will include linear, quadratic, polynomial and rational expressions equations, graphs, conics, and inequalities; radical expressions, matrices, and exponential and logarithmic functions. This is an upper level Math Course.

Additional Class Fees (if any): Lab Fee \$ 15 (Nutshell Math)

Required Supplies: Text (\$40-\$60), workbook (\$ 10-\$ 15), TI-83 or TI-84 calculator (\$ 100-\$ 160) or available free online, graph paper, yellow highlighter, internet access

Prerequisites: Completion of Algebra I preferably with at least a B

Homework Requirements: Homework will include problems from the text and workbook, online quizzes, and Nutshellmath.com participation. Algebra 2 is an upper level math course, therefore students should be prepared to allow for 5-7 hours of homework each week. Assignments will be broken up into daily assignments, so as to assist them in keeping on track throughout the week. Tests, Mid-Term and Final exams will be taken in class.

Additional Course Information: Parents/Students will be required to check the answers to the odd numbered problems that are assigned. Answers are provided in the text. Student must rework any problems that were initially done incorrectly before coming to class. Student also must have internet to access nutshellmath.com.
